

**Report to the
Citizens of Bibb County**

**Samuel F. Hart, Sr.
Chairman,
Bibb County Board of Commissioners**

January 2013

How were the projects chosen?

Beginning in May, 2011, a series of Listening Sessions were held Countywide. Citizens were given the opportunity to suggest projects.

Projects were divided into five categories:

- Economic Development,
- Recreation and Cultural Arts
- Debt Retirement
- Infrastructure,
- Public Safety

A final session was held where all citizens were invited to vote for the projects they would like to see on the ballot. Below are the results of the listening sessions:

●	ECONOMIC DEVELOPMENT
43	Finish the construction of the Tubman Museum
17	Community Development Projects-increase employment opportunity -Assure Bibb citizens work on Bibb Projects
14	Improve downtown & retain existing buildings / two entrances to downtown
●	RECREATION
14	Complete Filmore Thomas Project / Bellevue Recreation Facility
10	Build passive recreation / walking, bike trails / design money for bike lanes
8	Improve playing fields and sports facilities / improve and upgrade all centers/
7	More Facilities – to draw all sports teams from outside Bibb County
4	First class rec center with air-conditioning on all sides of the county / need multi-use state of the art rec center including swimming pools, soccer fields, softball fields, baseball fields
4	Build centers where they will be utilized / replace old centers with new ones
4	Interface with Board of Education to use their facilities
3	More Free Summer Programs / Need programs in rec centers for children and teens
3	Unionville Gym needs air and a wood floor in gym
●	INFRASTRUCTURE & TECHNOLOGY
28	New Animal Control Complex
25	Storm Water Drainage Problems <ul style="list-style-type: none"> • Forest Hill Rd • I-16 / I-75 • Repair storm drains
6	Complete Road Projects / Transportation Plan
4	Pave and repair streets <ul style="list-style-type: none"> • Jeffersonville Rd • All dirt streets
3	Improve sidewalks on roadways / sidewalks for children to walk to school
●	PUBLIC SAFETY
23	Safer Court Rooms / safe entrance in and out of courthouse / construction of a new facility for people using the court house / upgrades to the courthouse / renovate present courthouse / new courthouse with upgrades to accommodate prisoners
19	800 MgH Radio System / New Radio system

Listening is such a simple act. It requires us to be present, and that takes practice, but we don't have to do anything else. We don't have to advise, or coach, or sound wise. We just have to be willing to sit there and listen.

Margaret J. Wheatley

How did the citizens vote?

The Results

YES - 14,812 (72.66%)

VERSUS

NO - 5,572 (27.34%)

A Resounding YES!

SPLOST ADVISORY COMMITTEE

The SPLOST Advisory Committee was formed by Chairman Sam Hart for the following purposes:

The Committee will meet at least quarterly to receive updates regarding the progress of SPLOST Projects selected by City or County and prepare a quarterly monitoring report on the scheduling and progress of projects. This report will be placed on the County and City Web Sites. The Advisory Committee will also give input to the City and County regarding such matters as the Committee deems appropriate. The Bibb County Code of Ethics will be applicable to the members of the SPLOST Advisory Committee.

The City of Macon and Bibb County will each appoint three individuals to serve as members of a SPLOST Advisory Committee. The County will appoint the fourth member who will serve as the Chairman.

The members of the Committee are:

Chairman Dan Slagle
County Appointee

Bruce Freeman
County Appointee

Lindsay Holliday
City Appointee

Monica Smith
County Appointee

Senator David Lucas
City Appointee

Theron Ussery
County Appointee

Dr. John Swint
City Appointee

The Projects As Listed On Ballot

Public Safety

<u>PUBLIC SAFETY</u>	<u>ORIGINAL BUDGET</u>
Upgrade Emergency Communications	8,000,000
New Animal Control Center	3,000,000
Courthouse and Other Building Improvements	5,000,000
Purchase police / sheriff cars & other emergency equipment	5,000,000
Juvenile Justice Center	7,000,000
Three new fire stations in North & South Bibb & City of Macon	12,000,000

Sheriff Cars and Equipment

The SPLOST provides for Sheriff Cars and recently 15 cars and two trucks have been ordered and received. Sheriff David Davis is working on a new design for the consolidated Macon Bibb County Law Enforcement. Once this design is approved and equipment is installed the Sheriff's Office will unveil them.

Current Car Design

Juvenile Justice Center

The Bibb County Courthouse has long housed the Juvenile Court. Bibb County Commissioners acknowledged that a new building was needed for better coordination of courts, probation, rehabilitation/prevention services for juvenile offenders and children of abuse. The new campus will be located at the corner of Second Street and Oglethorpe.

Cooper Carry Architects in conjunction with Brittan Thompson Bray Brown Architects have designed the new building. Warren and Association was awarded the contract for construction. Demolition of the existing buildings will begin the first week in March; construction is set to begin in the Spring of 2013 and the new Center is scheduled to open in late 2014.

Fire Stations

The SPLOST provides for three new fire stations, two in the County and one in the City. These fire stations aren't just needed to provide better fire and first-responder medical services for county residents, but also to prepare for the next Insurance Services Office inspection, which is scheduled for 2013. The ISO provides ratings for municipal and county fire departments to help insurance companies calculate the cost of premiums. While two of the stations will be located in unincorporated Bibb County, ISO inspectors have indicated that they may evaluate Macon and Bibb County as one entity when they return, posing a potential impact to city residents as well. Macon and Bibb County have been evaluated separately in recent years. Macon holds ISO's top rating of 1. Bibb County's rating is a 3/9, meaning that homes and businesses within 1.5 miles of a fire station with an engine company, within 2.5 miles of a station with an aerial company and within 1,000 feet of a fire hydrant are in class 3 zones. All other areas of the county are rated as class 9. Half of the criteria for an ISO rating is derived from the location of fire stations, what types of trucks are based in certain areas, response times, equipment and training, among other factors. Harmon and Associates Construction is presently building Fire Station #109 on New Forsyth Road. It is scheduled to open in the Spring of 2013. Fire Station #110 will be on Heath Road and is scheduled to open in the Winter of 2014. Brittain Thompson Bray Brown were awarded the architectural contract on January 15, 2013.

Downtown Corridor Development	8,000,000
Centreplex upgrades	5,000,000
Acq.of Land & Improvement to Infrastructure	5,900,000

BRAC Properties

The \$6 million allocated to address the encroachment issue in South Bibb County is important for many reasons. For years, people had said that Robins Air Force Base was too big to close. The reality was that in the current fiscal environment just about any base could close or lose missions. It became essential for Bibb County to address this concern. The money allocated in the SPLOST is aimed at solving encroachment, a government word for properties in noisy or crash-prone areas close to the military base. The voluntary deals are mostly aimed at properties in south Bibb County east of Ga. 247. It is important to remember that the base generates \$4.27 billion in economic impact within the region. Robins Air Force Base is the largest industrial complex in the State with more than 26,000 people working on the base or supporting it.

Encroachment Area Properties - DNR

One of the purposes of the SPLOST was to open opportunities for more jobs in Bibb County. One way to accomplish this is to bring more employment opportunities to the area.

In June of 2012, Tractor Supply Company, the largest retail farm and ranch store chain in the United States, announced plans to open a regional distribution center in Macon, Ga.

The new 650,000-plus square-foot distribution center, expected to be in operation by the end of 2013, will serve stores in the southeastern United States. The distribution center is expected to employ approximately 315 employees when fully operational and represents a capital investment of more than \$50 million.

After the press announcement, Lt. Governor Casey Cagle, Chairman Clifford Whitby of the Macon-Bibb County Industrial Authority, Chairman Samuel F. Hart of the Bibb County Board of Commissioners and Tractor Supply executives broke ground for the new facility, which will be located in the I-75 Business Park at 1115 Frank Amerson Jr. Parkway.

“This decision by Tractor Supply Company to bring their Regional Distribution Center to Bibb County is greatly appreciated,” said Chairman Hart. “They could have gone other places, but chose this area because of the available facilities, good workforce and the excellent support provided by our extended economic development team, from local to state level. This is another example of how putting your best foot forward pays off in new jobs, new investments and new opportunities for businesses to be successful here.”

Bibb County invested \$3 million dollars of SPLOST funds to encourage Tractor Supply to locate in Bibb County.
